

COMMODITIES ELIGIBLE FOR COVERAGE UNDER GSM-102 AND SCGP

This amended list was published as FAS Program Announcement PR 0096-01 on March 20, 2001, and may be amended again as additional commodities become eligible. The list designates eligible commodities for all individual country and regional announcements under the Export Credit Guarantee Program (GSM-102) and the Supplier Credit Guarantee Program (SCGP), unless otherwise stated in program announcements.

STANDARD PRODUCTS FOR GSM-102 AND SCGP

In accordance with the definition of “U.S. Agricultural Commodity” appearing in 7 C.F.R. 1493.20(z)(1) and 7 C.F.R. 1493.410(x)(1), the following agricultural commodities must be entirely produced in the United States:

Animal feed products (protein supplement of animal or vegetable origin, including distillers dried grain, compound feed, animal milk replacer, and calf starter pre-mix)
Animal genetics (embryos and semen)
Antlers (elk, farm raised)
Aquaculture feed (shrimp and fish)
Barley malt; barley malt extract
Breeder livestock (cattle, including dairy and beef; swine; sheep; goats; horses; and donkeys)
Breeder stock, poultry (baby chicks, turkey poults, and hatching eggs)
Brine shrimp eggs (farm raised)
Cattle (feeder and slaughter)
Corn products (corn flour, corn grits, corn flakes, corn starch, corn meal, and corn gluten feed)
Cotton
Dairy products (butter, butter oil, ghee, anhydrous milk fat, nonfat and whole milk powder, whey powder, whey protein concentrate, lactose, unsweetened condensed milk, fluid milk, and cheese, including cheddar, Gouda, mozzarella, cream, feta, muenster, Monterey Jack blue, provolone, Swiss, cottage, and processed American cheeses)
Dog and cat food (commercially prepared)
Eggs (table) and egg products (dried, fresh, chilled, or frozen -- egg yolks, egg albumen, and whole eggs not-in shell)
Feed grains (barley, including malting barley; white corn; yellow corn; sorghum; and oats)
Fish and shellfish (fresh, chilled, frozen, canned, salted/dried -- includes all species)
Fish oil

Eligible Commodities for GSM-102 and SCGP (continued)

Fruit, dried (raisins, prunes, dates, figs, and apples)
Fruit, fresh (apples; apricots; avocados; blueberries; cherries; grapefruit; grapes; kiwi; lemons; melons, including watermelons, cantaloup, and honey dew; nectarines, oranges; peaches; pears; plums; raspberries; strawberries; and tangerines)
100% Fruit juice (includes, but is not limited to, apple, apricot, cranberry, grape, grapefruit, orange, pear, raspberry, and mixtures thereof in any of the following forms, whether or not frozen: concentrate, reconstituted from concentrate, or fresh-pressed, and may be packaged in accordance with commonly accepted trade practice, including bottles, cans, and boxes)
Fruit and vegetable concentrates, pastes, pulps, and purees
Grain neutral spirits
Hay (alfalfa, grass, and mixed) and straw (cereal and grass straw and husks); including cubes, bales, meal, and pellets
Hides and skins (guidelines: hides usually include cattle hides -- wet blues are not covered; skins include calf/kip, pig, sheep, and lamb splits)
Honey (with or without comb)
Honeybees, live (farm raised)
Hops; hops extract
Lecithin
Lyocell
Meat, frozen or chilled (beef, poultry, pork, sheep, and offals – includes "parts thereof," muscle meat, and natural sausage casings),
Nutritional beverage preparations (for human consumption, made from dairy and/or vegetable fats and/or solids)
Oilseeds (soybeans, sunflower, cotton, and peanuts)
Peanut flour
Popcorn (bulk)
Potatoes (cut and chilled or frozen; flakes; granules; dried and dehydrated refers to flakes and granules; includes hash browns)
Protein meal (soybean, sunflower, cottonseed, peanut, corn gluten, meat and bone, feather, fish, and blood)
Pulses (dry beans, peas, and lentils)
Rice
Roe, fish eggs, and sea urchin eggs (fresh, chilled, frozen, canned, salted/unsalted)

Eligible Commodities for GSM-102 and SCGP (continued)

Seeds, planting
Soybean hull pellets
Soybean protein products, processed (flour, grits, protein concentrates, and isolates)
Tallow; grease; lard; beef fat, and blends thereof
Tree nuts (almonds, pecans, pistachios, walnuts, and hazelnuts)
Vegetable oil, includes fully refined (soybean, sunflower, cottonseed, corn, peanut, and blends of these oils)
Vegetable oil soapstocks
Vegetables, canned (asparagus, beans, carrots, peas, sweet corn, tomatoes, and mixtures thereof)
Vegetables, dried (onions and garlic)
Vegetables, fresh (asparagus, beans, broccoli, carrots, cauliflower, celery, garlic, lettuce, onions, peppers, potatoes, sweet corn, and tomatoes)
Vegetables, frozen (beans, broccoli, carrots, mushrooms, onions, peppers, sweet corn, spinach, squash, and mixtures thereof)
Wheat; wheat flour; semolina
Wheat middlings
Wine; brandy
Wood products, solid (fiberboard, flooring, laminated lumber, lumber, molding, builders joinery, oriented strand board, particle board, plywood, railroad ties, siding, treated lumber, utility poles, veneer, and wine casks)
Wood chips, wood pulp, and minimally processed pulp products
Wool, mohair
Worms for composting (farm raised)

HIGH-VALUE AGRICULTURAL PRODUCTS FOR GSM-102 AND SCGP

In accordance with the definition of "U.S. Agricultural Commodity" appearing in 7 C.F.R. 1493.20(z)(2)(i)(ii) and 7 C.F.R. 1493.410(x)(2)(i)(ii), the following agricultural products have been determined to be high-value agricultural products, and 90 percent or more of the agricultural components by weight, excluding packaging and added water, must be entirely produced in the United States:

Beer
Beverages, distilled (rum, vodka, and whiskey)
Breakfast cereals, hot or cold
100% Cotton fabrics (woven and knit unbleached/bleached/dyed and/or printed)
100% Cotton yarn
Fruit, canned (apples, apricots, blueberries, cherries, grapefruit, oranges, peaches, pears, prunes, raspberries, strawberries, and mixtures thereof)
Fruit, frozen (apples, blackberries, blueberries, cherries, plums, raspberries, and strawberries)
Honey products (comprised primarily of honey and packaged in accordance with commonly accepted trade practice, including jars and tubes)
Ice cream
Leather, including wet blues (guidelines: leather is a hide that has been tanned and processed)
Meat products, processed (special terms and conditions: processed meat products may include, but are not limited to, bacon, deli/sandwich cuts, frankfurters, salami, and sausage. Products for which coverage is intended may be derived from beef, pork, poultry, sheep, and offals, or mixtures thereof. In addition to the products specified, this coverage is also intended for sales of similar meat products which are processed and/or preserved beyond such as simply cutting/slicing/grinding, rolling, or skewering; examples of processing include, but are not limited to, canning, cooking, curing, brining/salting, pickling, and smoking)
Mixes and dough for breads or pizza, whether powdered, refrigerated, or frozen
Peanut butter
Pickles, condiments, and sauces (including pickled cucumbers and other pickled vegetables, relish, ketchup, mustard, mayonnaise, sandwich spreads, hot sauces, salsa, barbecue sauces, and pasta sauce)
Prepared foods, frozen (including dinners, entrees, and side dishes)
Prepared foods, shelf stable (such as canned pasta or chili, dry pasta and noodles, combinations of pre-measured ingredients such as macaroni with a packet of cheese sauce)

Eligible Commodities for GSM-102 and SCGP (continued)

Snack foods (including bagel chips; bread sticks; corn chips; snack crackers; cracker sandwiches; packaged sets of cheese and crackers or cheese; lunch meat and crackers; fruit snacks/chips; meat snacks; microwavable or ready-to-eat popcorn; multi-grain chips; onion rings; pork rinds; potato chips; potato sticks; pretzels; rice cakes; snack nuts; and trail mix -- all packaged for sale to the final consumer)
Soft drinks, fruit punches, milk-based drinks, and other beverages (sweetened with corn syrup or fruit juice)
Soups and broths, canned or dried
Surimi (processed from pollack or hake)
100% Wool fabrics
100% Wool yarn
